

Curriculum Vitae

PERSONAL DETAILS

Name: **Maryam Gharacheh**

Nationality: Iranian

Rashid Yasemi St., Valiasr Ave. Tehran, Iran.
P.O. Box: 199671-3883

E-mail: gharacheh.m@gmail.com

Tel/Fax+98 21 88671613

ORCID: <https://orcid.org/0000-0002-7659-0786>

Scopus Author ID: 56943497100

CURRENT POSITIONS

Assistant professor, Nursing and Midwifery Care Research Center, Iran University of Medical Sciences, Tehran, Iran

THESIS

PhD of Reproductive health/ The lived experience of domestic violence in HIV-positive women

MSc of Midwifery/ Correlation between intimate partner physical abuse and pregnancy outcomes among women attending Gachsaran hospitals in 2007

ACADEMIC RECORDS

2015- PhD, Reproductive Health, Tehran University of Medical Sciences, Tehran, Iran

2008- MSc, Mother and Child Health, Shahid Beheshti University of Medical Sciences, Tehran, Iran

2004- BSc, Midwifery, Shiraz University of Medical Sciences, Shiraz, Iran

AWARDS

- Ranked 1st, National Entrance Exams, PhD in Reproductive Health, Tehran University of Medical Sciences, Iran, 2011.
- Ranked 1st, National Entrance Exams, MSc in Midwifery, Shahid Beheshti University of Medical Sciences, Iran, 2007.
- Full scholarship from Ministry of Health, Tehran University of Medical Sciences, Iran for 4.5 years, 2011-2015.
- Full scholarship from Ministry of Health, Shahid Beheshti University of Medical Sciences, Iran for 3 years, 2005-2008.

GRANTS

- WHO/EMRO. 2020. Domestic violence and its correlates among married women attending healthcare centers during the COVID-19 pandemic in Iran. RPPH 20-135.
- National Institute for Medical Research Development (NIMAD). 2020. An ecological study on the reproductive health outcomes before and after the beginning of COVID-19 pandemic. 993742.

RESEARCH PROJECT

1. Psychometric Properties of Persian version of the Child Abuse Screening Tool-Parent version (ICAST-P).
2. Relationship between domestic violence against HIV-infected women and HIV care continuum: a systematic review
3. Prevalence of menstrual disorders during the Covid-19 pandemic among women referring to health centers affiliated with Iran University of Medical Sciences.
4. An ecological study on the reproductive health outcomes before and after the beginning of COVID-19 pandemic.
5. Pregnancy Outcomes in Parturient women during the Covid-19 pandemic referring to Hospitals affiliated to Iran University of Medical Sciences.
6. Domestic violence and its correlates among married women attending healthcare centers during the Covid-19 pandemic in Iran.
7. Menstrual cup's acceptability and safety among women in Tehran.
8. Effectiveness of an educational intervention on fertility knowledge, childbearing intention and planned pregnancy among new couples referring to premarital counselling centers: a randomized clinical trial.
9. Psychometric Properties of Persian version of the Infertile Womens Exposure to Violence Determination Scale (IWEVDS).
10. Comparison of maternal-fetal attachment in pregnant women conceived naturally and women conceived through Assisted Reproductive Techniques.
11. Investigating quality of life in adolescent pregnant women referring to healthcare center affiliated to Arak University of medical sciences in 2020.
12. Exploring the perceptions of pregnant women, families and health care professionals regarding perinatal palliative care.
13. Lived experiences of disabled people with spinal cord disability related to road traffic Injuries: a phenomenological Study.
14. Husband's abuse and quality of life in women referring to health centers in Gachsaran.
15. Relationship between partner abuse during pregnancy and pregnancy outcomes in women referring to hospitals in Gachsaran.

WORKSHOPS CONDUCTED

2022 June; Webinar on Infertility counseling in midwifery, Iran University of Medical Sciences.

2021 June; Webinar on Perinatal care in the Covid-19 pandemic, Iran University of Medical Sciences.

2020 Feb; Webinar on Infertility counseling in midwifery, Iran University of Medical Sciences.

2020; Webinar on Prenatal and postnatal care during the Covid-19 pandemic, Iran University of Medical Sciences.

2019; Workshop on Infertility counseling in midwifery, Iran University of Medical Sciences.

2017, 2018; Workshop on Academic writing, Iran University of Medical Sciences.

2012; Workshop on Reproductive health promotion, Tehran University of Medical Sciences.

2011; Workshop on adolescents' health promotion, Tehran University of Medical Sciences.

TEACHING EXPERIENCES

Postgraduate

2017 Gynecology/ Iran University of Medical Sciences, Nursing and Midwifery School

2017 Reproductive health / Iran University of Medical Sciences, Nursing and Midwifery School

Undergraduate

2021-2022 Community health nursing/Iran University of Medical Sciences, Nursing and Midwifery School

2017-2021 Maternal and child health/Iran University of Medical Sciences, Nursing and Midwifery School

2010-2014 Pregnancy and childbirth/ Tehran University of Medical Sciences, Nursing and Midwifery School

2010-2013 Reproductive health/Tehran University of Medical Sciences, Nursing and Midwifery School

2010-2013 Obstetrics/Islamic Azad University, Gachsaran branch

2009-2012 Reproductive health/ Islamic Azad University, Gachsaran branch

2008-2014 Mother and newborn health nursing/ Islamic Azad University, Gachsaran branch

DISSERTATION SUPERVISION

- Maryam Amini. Quality of life in adolescent pregnant women referring to comprehensive health care centers in Arak in 2020. Faculty of Nursing and Midwifery, Iran University of Medical Sciences. The degree of Master of Science in Community Health Education. May 2022.
- Zahra Mazari. Relationship between domestic violence and parent-Infant attachment in parents referring to health centers affiliated to Iran University of Medical Sciences in 2019. Faculty of Nursing and Midwifery, Iran University of Medical Sciences. The degree of Master of Science in Midwifery. September 2020.
- Gholamreza Mollaahmadi. Association between job stress and job burnout among primary health care workers (Behvarz) in Saveh university of Medical Sciences in 2019. Faculty of

Nursing and Midwifery, Iran University of Medical Sciences. The degree of Master of Science in Community Health Education. May 2020.
